

OPERATING ROOM SKILLS CHECKLIST

Name: _____

	Scrub				Circulate					Scrub				Circulate			
	1	2	3	4	1	2	3	4		1	2	3	4	1	2	3	4
NEUROSURGICAL									ORTHOPEDIC								
Medication Pump Insertion									Carpel Tunnel Release								
Myelomeningocele Repair									Acetabular/Pelvic ORIF								
Nerve Stimulator Insertion									Closed Reduction Fracture								
Pedicle Screw Insertion									Achilles Tendon Repair								
Ulnar Nerve Transfer									Anterior Cruciate Ligament repair								
Shunt Procedure VP&VA									Arthroscopy								
Posterior lumbar interbody fusion									a. Ankle								
ENDOSCOPIC									b. Elbow								
Ureteroscopy									c. Hip								
Bronchoscopy									d. Knee								
Thoracoscopy									e. Shoulder								
Colonscopy									External Fixator Application								
Sigmoidscopy									a. Pelvis								
Gastroscopy									b. Extremities								
Mediastinoscopy									Arthrotomy								
Hyteroscopy									Extremity Amputation								
Laryngoscopy & Microlaryngoscopy									Bipolar/Unipolar Hips								
Laparoscopy									Halo Traction Application								
a. Scope assisted vaginal hysterectomy									Bunionectomy								
b. Appendectomy									Hammer Toe Repair								
c. Tubal Ligation									Calcaneal Reconstruction								
d. Cholecystectomy									Hand Surgery								
e. Salpingoophorectomy									Capsulorrhaphy								
f. Cholangiogram									Harrington Rod Insertion								
g. Pelvic Exoneration									Heel Cord Lengthening								
h. Colon Resection									Hip Compression & Lag Screws								
i. Nissen Fundoplication									a. Rush								
j. Herniorrhaphy									b. Schneider								
VASCULAR									c. Zimmer								
Vena Cava Litigation									d. Smith & Richards								
Vena Cava Filter									e. Other								
A-V Access Graft									Hip Prothesis Insertion								
Thrombectomy/Embolectomy									Illiic Crest Bone Graft								
Aortic aneurysm w/graft replacement									Laminectomy								
Aortograms									Intramedullary Rods Insertion								
Stent Placements									a. Tibial								
a. Femoral									b. Femoral								
b. Aorta									c. Humeral								
c. Carotid									d. Supracondylar								
d. Brachial									Olecranon Bursa Excision								
Peripheral Vascular Bypasses									Reimplantation of Digits								
Endoscopic Aortic aneurysm repair									Reduction with Compression								
Endarterctomy									Rotator Cuff Repair								
a. Carotid									a. Bankart								
b. Femoral									b. Putti Platt								
Carotid aneurysm resection & graft									Spica Cast Application								
									Sacra-iliac joint screws								
									Tendon Transplant								

Name: _____ OPERATING ROOM SKILLS CHECKLIST

	Scrub				Circulate					Scrub				Circulate			
	1	2	3	4	1	2	3	4		1	2	3	4	1	2	3	4
ORTHOPEDIC									ORAL								
Total Joint Replacements									TMJ Exploration								
a. Hip									TMJ with Arthroplasty								
b. Knee									Closed Reduction facial fractures								
c. Shoulder									Excision Odontoma								
Spinal Fusion									Teeth Extraction								
a. Anterior									Fractured Jaws								
b. Posterior									Sagittal Osteotomy								
GYNECOLOGIC									LeFort Osteotomy								
Marsupialization-Bartholin Cyst									Maxillary Graft								
Cesarean Section									Pediatric Dentistry								
Marshall - Marchetti									OTORHINOLARYNGOLOGIC								
Colpotomy									Tympanoplasty								
Hysterectomy									Adenoidectomy								
a. Vaginal									Tracheostomy								
b. Abdominal									Caldwell-Luc								
Ectopic Pregnancy									Tonsillectomy								
D & C									Cleft Lip/Palate Repair								
Ovarian cystectomy									Submucous Resection								
Vulvectomy									Closed Reduction nasal fractures								
Radium Insertion									Stapedectomy								
Vaginectomy									Ethymoldectomy								
Sacral Spinus Fixation									Sinusotomy								
Vaginal Reconstruction									Excision Salivary Gland tumor								
Salpingoplasty									Fenestration								
Suction Curettage									Sinus Endoscopy								
Shirodkar Procedure									Frontal Flap Sinus								
UROLOGIC									Selective Osteotomy								
Vasotomy									a. Maxilla								
Vasectomy									b. Mandible								
Adult Circumcision									Glossectomy								
Uterolithotomy									Laryngectomy								
Bladder Suspension									Mandibulectomy								
TURP/TURBP									Mastoidectomy								
Cystectomy									Maxillary Advancement/Hip Graft								
Scott incontinence Device									Maxillectomy								
Hypospadias Repair									Rhinoplasty/Septoplasty								
Radium Seed Implants									Ranulectomy								
Implants									Radical Neck Dissection								
Radical Node Resection									Pharyngeal Flap								
Lithotripsy									Parotidectomy								
Pyeloplasty									Open Reduction								
Nephrectomy									a. Facial Fractures								
Nephrolithotomy									b. Nasal Fractures								
Orchiopexy									Nasal Polypectomy								
Prostatectomy									Miringoplasty w/PE Tube Insertion								
a. Perineal																	
b. Suprapubic																	

Name: _____ OPERATING ROOM SKILLS

	Scrub				Circulate				SKILLS/PROCEDURES	Scrub				Circulate							
	1	2	3	4	1	2	3	4		1	2	3	4	1	2	3	4				
OPHTHALMOLOGIC																					
Lid & Muscle Procedures									Gastric Suction												
Cataract Extraction									Patient Teaching												
Indectomy									Blood/Blood Product Infusion												
Corneal Transplant									a. Whole Blood												
Enucleation									b. Packed RBCs												
Dacryocystectomy									Restraints												
Dacryocystorhinostomy									Blood Gas Interpretation												
Vitrectomy									Chest Tube & Drainage System												
Orbital Implant									Foley Catheter Insertion/care												
Scleral Buckle									a. Female												
Repair Orbital Blowout Fracture									b. Male												
Recession Resection									Phlebotomy												
Phaco Emulsification									a. Venous Blood Draw												
Pterygium Repair									b. Central Line Draw												
PLASTIC									Intubation												
Tissue Expanders									Extubation												
Abdominal Lipectomy									Knowledge of Emergency meds												
Split Thickness Skin Grafting									Knowledge of Medications												
Blepharoplasty									Hemodynamic Monitoring Non-invasive												
Face Lifts									a. Auscultation												
Scar Revisions									b. Electronic												
Pedicle Grafts									Wound Care												
Free Flaps									a. Incisional Dressing Assessment												
Otoplasty									b. Surgical wounds w/drains												
Mentoplasty									Suctioning												
Mammoplasty									a. Nasopharyngeal												
a. Augmentation									b. Tracheostomy												
b. Reduction									c. Oropharyngeal												
c. TRAM Flap									Intravenous Therapy												
TRAUMA									a. Angiocath Insertion												
Multiple Injury Accidents									b. Swan Ganz Insertion - assist												
Burns									c. CVP Insertion assist												
Gunshot/Stab Wounds									d. A-Line Insertion - assist												
a. Abdomen									Malignant Hyperthermia Crisis												
b. Head									a. Assessment												
c. Chest									b. Management												
TRANSPLANT									Oxygen Therapy Administration												
Bone									a. Face Mask												
Bone Marrow									b. Trach Collar												
Harvesting									c. Nasal Cannula												
Heart									PAIN MANAGEMENT												
Kidney									Pain Level Assessment												
Liver									Care of Patient with:												
Lung									a. Epidural Anesthesia												
Pancreas									b. IV Conscious Sedation												
Skin									c. PCA												
									d. Narcotic Agents
